

Bus sector careers

Make your mark on the modern supply chain

Queensland buses and coaches play an essential role in the lives of Queenslanders, getting them to work, school, holidays, sporting events, concerts and essential services.

There are bus career opportunities available in public transport, school transport, and in tours and charters. In Queensland, there are more than 90 million public transport passenger trips per year, and at least 120,000 children relying on school buses.

Entry level, graduate and professional roles are in high demand

Roles and career areas include: accounts, administration, customer service, data analysis, driver training and mentoring, finance services, fleet cleaning, human resources, information technology, marketing and media, mechanic, maintenance technician, specialist service technician, network officer, operations, sales and booking, scheduler, planner, school bus driver, senior manager, tour and charter driver, coach captain, tour and charter coordinator, tour guide and host, urban route bus driver, and zero emissions project management.

The bus and coach sector is using creativity and technology every day to deliver high-tech, sustainable solutions.
